Crystal Divers - Bali

Join our award-winning team and do your PADI Instructor Development Course with us in Bali. Together with Bali's most recognized & award winning Platinum Course Directors, Minni Vangsgaard and Silvano Cacchione, your success is guaranteed.

Get a Life **GoPro**!!

CRYSTAL DIVERS was the first PADI 5* Career Development Resort to be established in Indonesia. We have been training PADI Professionals since 1996

GET A LIFE! GO PRO WITH CRYSTAL DIVERS 5★CDC CENTRE

Become a PADI Open Water Scuba Instructor and take your career anywhere. When was the last time you said, "I love my job!"

Go PRO and you'll be saying that all the time. Ditch the nine to five office job. Live your dream by transforming the lives of others while teaching the world to dive.

You'll be part of the largest, most widely recognized scuba training organization in the world. With more than 6400 PADI Dive Centers and Resorts on the planet, the world is your office and your playground, only your imagination can stop you! Doing your IDC with PADI 5★ CDC Centre

Crystal Divers will give you a kick start in your diving career by building contacts, skills and knowledge that will get you the right diving jobs in the future.

GoPRO with Crystal Divers!

TAKE THE FIRST STEP BECOME A PROFESSIONAL PADI INSTRUCTOR

The PADI Instructor Development Course (IDC) is split up into two components. The first portion is the Assistant Instructor (AI) course, followed by the Open Water Scuba Instructor program (OWSI). These courses can be taken separately but are normally combined as the IDC followed by an Instructor Examination (IE) where PADI checks that you have mastered the knowledge and skills to become an instructor. When you have successfully completed the IDC+IE, you will be certified to teach the world to dive using the PADI system.

PADI ASSISTANT INSTRUCTOR

The PADI Assistant Instructor course is the first portion of the PADI IDC. You'll not only gain additional experience as a PADI Professional, but you'll also start learning the PADI system of diver education. You can act as an instructional scuba assistant and assume limited teaching responsibilities. It's a great way to gain experience in order to become an Open Water Scuba Instructor.

COURSE PRE-REQUISITES

To enter the Assistant Instructor course, you must:

- Be a PADI Divemaster or leadership level with another diver training organization.
- Be 18 years old.
- Have completed and logged at least 60 dives as documented by your logbook including night, deep and navigation dives.
- Be a certified diver for six months
- Have a medical clearance attesting to dive fitness signed by a physician within the previous 12 months
- Have a certified Emergency First Response Primary and Secondary Care course certification (or equivalent training) within the last 24 months

PADI OPEN WATER SCUBA INSTRUCTOR PROGRAM

The PADI Open Water Scuba Instructor program is your final step in your quest to become a PADI instructor. During the IDC, you'll learn to use and adapt the PADI system of diver education to meet individual student needs. Comprehensive training, supported by a wide variety of PADI educational materials, earns PADI Instructors respect from both students and peers. As a PADI Open Water Scuba Instructor you can conduct a broad range of programs from Discover Scuba Diving to Divemaster.

COURSE PRE-REQUISITES

To enter the PADI Open Water Scuba Instructor course, you must

- Be certified as a PADI Assistant Instructor and be in good standing with another training organization for at least six months.
- Have completed and logged at least 60 dives as documented by your logbook including night, deep and navigation dives.
- Be 18 years old
- Submit medical clearance for diving signed by a doctor within the last 12 months
- Have proof of CPR & First aid training within the last 24 months.
- Be certified as EFR Instructor or qualifying instructor rating with another organization (can be done before or after the IDC and IE here at Crystal Divers)

NOTE: Proof of 100 dives is a pre-requisite for attending the IE

IDC COURSE OVERVIEW

During the course you'll learn how to apply the PADI System of Education and Practice.

To do this we have made the perfect schedule which mixes between confined water teaching presentations, knowledge development presentations and open water teaching presentations as well as the following 19 curriculum class room presentations:

Course Orientation, Dive Industry Overview, General Standards and Procedures, The Role of Media and Prescriptive Teaching, Legal Responsibility and Risk Management, PADI Scuba Diver and Open Water Diver Course, Adaptive Teaching, The PADI Continuing Education Philosophy, Business Principles for the Dive Instructor, Adventures in Diving Program, Specialty Diver Courses and Master Scuba Diver Program, Rescue Diver Course, Divemaster Course, Diver Retention Programs, How to Teach the RDP.

We have also added the 5 Dive theories: physics, physiology, equipment, RDP&eRDPml, skills & environment.

Time Requirement

3 weeks +/- You will need **16 days** for the IDC including the various workshops and practical applications.

The IE takes place straight after the IDC which is additional **2 days**. And an additional **2 days** for the EFRI

Additional preparation days are **FREE** – get unlimited prep days where our Course Directors and IDC Staff Instructors will help you brush up your diving skills and theory. According to your needs, join in on assisting courses before the IDC starts*.

Assistant Instructor and Open Water Scuba Instructor get unlimited support, meaning you can come to the IDC beforehand for as long as you wish and stay as long as you want after you have completed your program. We are here to HELP YOU!

** As Crystal Divers has a lot of Divemasters in training, they have priority on joining courses to complete their training*

EFRI EMERGENCY FIRST RESPONSE INSTRUCTOR COURSE

During the Emergency First Response Instructor course, you will build on your skill's as an Emergency Responder and focus on developing your instructional abilities to teach these to others. To be an EFRI is a pre-requisite to become a PADI OWSI Instructor. Other equivalent instructor rating in CPR and first aid may also meet this pre requisite.

COURSE PRE-REQUISITES

- Be 18 years old
- Completed CPR and first aid training in the past 24 months or be a practicing medical professional such as a Physician, Emergency Medical Technician, Paramedic or Registered Nurse.

Time Requirement

2 Days - 1 day of theory and 1 day of teaching skill practice, plus the final exam. Normally conducted straight after the IE is completed

COURSE PRE-REQUISITES

- Be a renewed PADI OWSI

MSDT PADI Master Scuba Diver Trainer Course

The Master Scuba Diver Trainer rating sets you apart from other dive instructors by showing your commitment to continuing your dive training and being prepared to help others continue their training as well. You also get to teach specialty diver courses – which opens the door to lots of fun while working. As a PADI MSDT, you demonstrate to a dive employer that you have good experience in teaching diving and also teach a range of specialty diver courses. This makes a dive center or resort more likely to offer you a position. Do your MSDT Internship with Crystal Divers today!

FREE MSDT INTERNSHIP ONLY AT CRYSTAL DIVERS

FREE UNLIMITED SUPPORT

The Crystal Divers team is dedicated to your success that is why we offer unlimited support before and after your program. From helping you brush-up your dive skills or theory prior to the start of the IDC to helping you secure a job in the industry post graduation. You will get our unparalleled support for life!

WITH OUR IDC PACKAGES YOU WILL GET THE FOLLOWING FOR FREE

Daily lunch buffet (tasty European food) with free-flow soft drinks and water during our IDC programs. We make sure that you are well taken care of. One advantage of having our own restaurant and bar, is that we eat very, very well.. Free-flow coffee, tea, water, cake and fruits.

COURSE PRE-REQUISITES

- Be a Master Scuba Diver Trainer.
- Be an Emergency First Response Instructor.
- Agree to conduct all PADI certification courses and experience programs using methods consistent with PADI standards and philosophy (as outlined in the PADI Instructor Manual and PADI's Guide to Teaching).
- Agree to use the PADI System and components in their entirety.

100% PASS GUARANTEE

Many training centers offer a Pass Guarantee, however it is important to be aware exactly what that means. For example, would you really want to pour all of your time and effort into a course that you are guaranteed to pass regardless of your skill level? We sincerely hope that our candidates want to earn their Instructor certification and come with the attitude that they are prepared to work to achieve this goal.

What most training center offer is the following:

“In the unlikely event you complete your IDC preparation course, but fail the PADI Instructor Exam after your IDC, you have the option of returning to the training facility to join any future IDC for free. Any examination fees are paid directly to PADI and you will be responsible to cover these costs.”

The Crystal Promise:

What we will absolutely guarantee is that we will provide you with the time, support, preparation and resources to pass your IDC and be ready for your Instructor Exams. We will also guarantee that you will be mentored by an experienced team of 2 full-time Course Directors and Staff Instructors working with you throughout your program.

We back our promise with the guarantee that you will have our support if you choose to take longer to do your IDC and/or you will have the option to return free of charge on any future IDC offered by Bali Crystal Divers.

MEET YOUR COURSE DIRECTOR

CRYSTAL DIVERS COURSE DIRECTORS

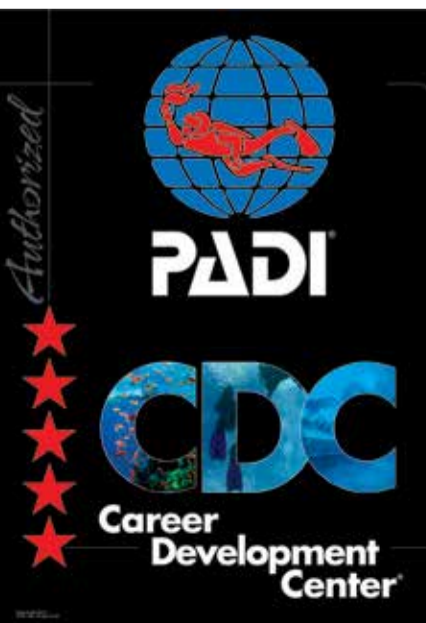

Minni Vangsgaard (DK)

Award winning Platinum Course Director Minni Vangsgaard and owner of Crystal Divers is a Mentor with a golden heart and vast experience conducting IDC's around the world. Minni was the first Course Director in Bali and awarded Best Course Director in Australia and Asia 2007 as well as voted Best Instructor by Asian Diver magazine. Also Minni was awarded numerous times by PADI for OUT STANDING contribution to the dive industry and in 2012 for the PADI Diver training Scholarship Program in Indonesia. Also in 2013 she was awarded with the award Water Sports Mentor of the Year.

Silvano Cacchione (ITA)

PADI Course Director Silvano started diving in the cold waters of London, England. Even though diving in chilly murky waters Silvano got hooked to diving and began to pursue his diving career. Silvano has a background in catering management from London to Spain which has allowed him to learn multiple languages (Italian, English and Spanish). Silvano's passion for diving lead him to warmer waters of Thailand where he was teaching and spread his enthusiasm for diving to hundreds of divers. And with the help of Crystals prime location and wonderful staff he is now helping people to do exactly the same thing which he is so passionate about!

Crystal Divers - a 5 star PADI CDC Center

The PADI Career Development Center (CDC) classification is awarded annually to PADI Five Star Instructor Development Centers and Five Star Instructor Development Dive Resorts that dedicate their businesses to professional development beyond regular scuba instructor training and meet the highest requirements for training PADI scuba diving leaders. PADI CDCs offer career-oriented training to prepare scuba diving professionals for employment in the dive industry, as well as offering job placement assistance for program graduates.

MEET THE STAFF

MASTER INSTRUCTORS/IDC STAFF INSTRUCTORS

Else Poulsen (DK)

Else is an IDC staff instructor who started diving in 1996 and has continued ever since. Else has a huge interest in and commitment to EFR and EFR Instructor Trainer. Her passion and knowledge for physiology and EFR is admirable.

Gusde Weda (IND)

My name is Gusde I'm 24 years old, Balinese. I am born and raised in Bali. My home town is Ubud. In 2012 I started to work in the equipment at Crystal, back then i did not know how to swim so sometimes during evenings and time off I jumped into the pool at night to teach myself to swim. Then one day I tried to dive and I loved it and I knew I wanted to work as a dive professional. One day I had the chance to stop work in the equipment and start my training to become a Divemaster (2014). I worked as Divemaster for about 1 year and then finally I became a PADI instructor in February 2015. I love everything about diving, diving changed my life, I want change peoples life as well.

Mohammad Kazemi (IR)

I have lived nearly 80% of my life on an island and I have grown up with the sea. I had never dove in my life before I started to become a diver in Kish Island, Iran. I made up my mind to carry on diving professionally. I began diving and continued until my PADI Divemaster in Iran. I decided to go aboard to accomplish my PRO courses. After a couple of years working in Malaysia and Dubai I started my diving training course at Crystal Divers in Bali to get my PADI Master Instructor certification in 2013. At present, I work on my PADI Course Director level and I'm going to get it under supervision of Miss. Minni in Crystal Divers in the near future hopefully. Also, my flexible work schedule gives me the time to pursue my hobbies such as gym, football and tennis.

Our IDCs are conducted in English but we offer on-site language support in Japanese, Danish, Swedish, Norwegian, German, Indonesian, Spanish, Italian and Dutch. *Other languages available upon request*

For candidates who are already instructors (from another institution), or have done the required work prior to their arrival in Bali.

In 2017 we are launching a brand new inovative IDC theme never seen before!

Bespoke IDC training organised on request and conducted at a destination of your own choice. Contact Minni today to organize your own PADI IDC program.

SPECIAL THEMED IDC PROGRAMS

Bali Crystal Divers continues the revolutionary new GoPRO IDC programs which we were the first in the dive industry to introduce. Our team worked closely with PADI to create four unique programs catering to individual needs and goals. These new programs are running between 7 to 30 days throughout the year along with our 16 days ++ "Classic IDC" programs. Candidates will be able to choose between the various options and work together throughout their internship. Interested to GoPRO in style?

Check out the various options available to you at GoProBali & Crystal Divers
